WalkUp Scan Station

High quality production systems

Made in Germany

With the new **Bookeye® WalkUp Scan Station**, ImageWare Components GmbH is providing a comfortable and book gentle alternative to conventional copiers. The space-saving stand-alone solution is a welcome supplement to existing information services at libraries and public institutions.

The proven efficiency of the **Bookeye®** book scanner, combined with an easy-to-operate and ergonomic touch screen interface, give users the opportunity to digitise documents without damaging them and at low cost. Users can now choose ‚by click‘ whether to output the scanned images to:

- USB stick
- e-mail
- web server
- network
- printer
